Hi Melinda,

Very cool display of the river mile maps available at the click of the mouse. Thank you for sending me the link, that should definitely serve our purposes. No need to send the DVD.

Is this link permanent?

Thanks, Milo

Milo,

Please see the following link for river mile information:
<http://www.arcgis.com/home/webmap/viewer.html?url=http%3a%2f%2fgis5.oit.ohio.gov%2fArcGIS%2frest%2fservices%2fRiverMileMaps%2fImageServer&source=sd>. I just received this today. Please let me know if you still need a DVD with the individual map files.

Have a great day!
Melinda Harris

Hi again Melinda,

I understand from talking to my coworker Pete Jackson that this conversation broadened out to include more people, and that you and your coworkers will work to get me the river miles for Captina Creek. That would indeed take address our immediate need.

Milo,

I am having a terrible time uploading the files to the ftp site - there are too many and my computer is crashing. Please let me know if there are specific maps you need right now or I can mail a DVD with all the maps. What is your mailing address?

Thanks and sorry for the delay,
Melinda Harris
